About Endeavour

**ENDEAVOUR INVESTS IN A GREEN FUTURE...**

The Endeavour Foundation has played an important role in Queensland communities for many years, providing valuable services and employment opportunities for locals, including people with a disability, and this commitment is set to continue into the future.

The Endeavour Warwick Business Service began as a day service for people with an intellectual disability and eventually evolved into the place of supported employment for people with a disability, and currently employs 33 supported employees, and 6 regular staff.

Endeavour has just invested \$80,000 to install a one tonne baling press at the Warwick Business Service Recycling Plant, which demonstrates our belief in the future of recycling.

Endeavour is committed to ensuring people with a disability have the opportunity to live, learn and enjoy life in their community.

*Thank you for your support!*
